PROFESSIONAL SUMMARY

Aspiring Software Developer with a strong foundation in Artificial Intelligence, Machine Learning, and Full-Stack Development. Skilled in Python, C++, and SQL, with hands-on experience in building interactive applications, GUIs, and responsive web interfaces. Passionate about leveraging AI-driven solutions to create scalable, user-focused products and contribute to innovation within dynamic tech environments.

CAREER OBJECTIVE

Motivated and detail-oriented Software Developer enthusiastic about building scalable applications, intuitive user interfaces, and AI-driven solutions. Seeking a full-time opportunity (onsite, remote, or hybrid) to contribute to innovative projects at global technology leaders such as Google, Microsoft, Apple, IBM, and Tech Mahindra.

EDUCATION

Chandigarh University, Mohali, Punjab, India

Bachelor's Degree in Computer Science / Artificial Intelligence

Expected Graduation: 2027

Relevant Coursework: Data Structures & Algorithms, Database Management Systems, Software Engineering, Web Development, Artificial Intelligence, Machine Learning

TECHNICAL SKILLS

Programming Languages: Python, C++, SQL, Java (Basic)

Web Technologies: HTML5, CSS3, JavaScript (Basic)

Frameworks & Tools: Tkinter (Python GUI), Android Studio, MySQL

Core Concepts: Full-Stack Development, Machine Learning, Artificial Intelligence, Object-Oriented Programming, Data Structures & Algorithms

Design & UI Tools: UI/UX Design, Wireframing, Prototyping, Responsive Design Principles

KEY COMPETENCIES

• Application Development • Front-End & Back-End Design • Database Management • API Integration • Debugging & Testing • Version Control • Team Collaboration

PROJECTS

- GUI-Based Cricket Game (Python, MySQL)
 - Developed an interactive cricket game simulating real matches using Python's Tkinter library.
 - Integrated MySQL for persistent player statistics, match results, and performance tracking.
 - Implemented modular logic and optimized code for scalability and error handling.
- Personal Website (HTML, CSS, JS)
 - Designed and coded a responsive personal website demonstrating UI/UX design principles.
 - Added interactive carousels, scroll-triggered animations, and modern visual transitions.
 - Focused on accessibility, mobile optimization, and smooth navigation experience.

CERTIFICATIONS & COURSES

- Artificial Intelligence Course – Technook in collaboration with Cognizance'24 IIT Roorkee
- Android App Development Course – National Skill Development Corporation (Skill India)
- UI/UX Design Certificate – National Skills - MyCaptain
- Advanced Software Development Program – CCBP 4.0 Academy (Ongoing)
- Data Structures and Algorithms using C++ – (Ongoing)

ACHIEVEMENTS

- Recommended by MyCaptain-National Skills for exceptional performance in UI/UX Design course.
- Received an Appreciation Letter for outstanding performance and project creativity in Android App Development course.
- Recognized for consistent leadership, innovation, and collaborative contribution in technology projects.

SOFT SKILLS

Strong Communication | Leadership | Analytical Thinking | Creative Problem Solving

INTERESTS

Artificial Intelligence, Full-Stack Web Development, Software Architecture, Front-End Design, Machine Learning Applications.
